

# RENT AND UPGRADE MADE SIMPLE

**UPGRADING TO THE LATEST TROTEC EQUIPMENT HAS NEVER BEEN SO SIMPLE.**

## WHY USE RENT-TO-OWN?

- ▶ **Conserves cash** - Small monthly payments rather than one large upfront payment.
- ▶ **Fixed monthly rental payments** - Fixed payments throughout the term make budgeting easy.
- ▶ **100% tax deductible** - Rental payments are 100% tax deductible when equipment is used for business purposes.
- ▶ **Stand alone facility** - the equipment is the security, not your house.
- ▶ **Own it** - simply pay one extra month's repayment at the end of the term!
- ▶ **Government, Education and Corporate sectors** - Rental payments form part of the monthly operating budget and may not require capital expenditure approval.

## UPGRADE FLEXIBILITY

- ▶ **No penalties** - There are no fees, penalties or interest owing when upgrading to new equipment. Under the Trotec finance program an 'upgrade payout' is simply applied when replacing old with new technology during the term of the finance.

## EASE OF APPROVAL

- ▶ **Simplicity and speed** - Get on with business and allow Ecolease to do the hard work to arrange the finance. All that's required is a short phone application, simple documentation and you can get approval in 24 hours... plus no financials are required for transactions less than \$120,000 inc. GST\*!

1. Call us for  
an instant  
free quote.

2. A quick 15  
minute phone  
application.

3. Sign docs,  
supplier paid,  
& equipment  
installed!\*
